

## Stables and Shelters

The 12ft x 12ft overlap stables are treated. Made from 2" framework and covered in feather edge boards. The roof consists of 3" x 2" joists covered in sterling boards and felt. The height of the stables are 8ft going down to 7ft 6" at the rear of stable. At the front of the stable there is a 4ft section to the left, a 4ft stable door and another 4ft section to the right of stable.

### Featheredge Stables

12ft x 12ft Feather edge stable £625.00 each

24ft x 12ft Feather edge stable £1,175.00 each

### Shiplap Stables

12ft x 12ft Shiplap stables (untreated) £750.00 each

24ft x 12ft Shiplap stables (untreated) £1,375.00 each

The 12ft x 12ft field shelters are treated. Made from 2" framework and covered in feather edge boards. The roof consists of 3" x 2" joists covered in sterling board and felt. The height of the shelters are 8ft going down to 7ft 6" at the rear of the shelter. At the front there is a 6ft panel and a 6ft opening.

### Feather edge Field Shelters

12ft x 12ft field shelter £600.00 each

Please note the photo of the shelter is of one we have been using ourselves for years. The photo of the stable is of an old display stable and really don't do these products justice!

### Shiplap Field Shelter

12ft x 12ft shiplap shelter (untreated) £700.00 each

We also do a 12ft x 12ft in the same design as the feather edge.

Kick boards and overhang are optional, for a 12ft x 12ft stable it's 6 kick boards at £90.00. The overhang would be an extra £40.00.

### Shetland Pony field shelter

The Shetland pony field shelters are the same design as the 12ft shelters, made from feather edge boards. They are 8ft x 8ft and are 6ft 6" high at the front going down to 6ft at the rear of shelter. They have a 4ft opening at the front and a 4ft panel, comes complete with kickboards.

- 8ft x 8ft sheland shelter £450.00 each.
